

CANADIAN SOCIETY OF SAFETY ENGINEERING (CSSE)

2011 University of Calgary Bursary Application Instructions

The University of Calgary (U of C) Continuing Education offers a certificate program in Health, Safety and Environment. This program meets the BCRSP formal education requirements for safety practitioners seeking the CRSP designation. CRSPs taking these courses are also awarded certification maintenance points (CMP).

Online learning is a new course format that was added to the program. Each year more and more course will be available in the online format. Now students can learn anywhere there is a computer with a web connection without having to be in class. To introduce this new program and course format the U of C is offering a bursary to a deserving person in the Calgary Chapter. The successful applicant will be given a complimentary registration in an upcoming course in the U of C HSE certificate program.

Qualifications

To be eligible for consideration for the University of Calgary bursary, the following criteria must be met:

- Applicant must be an active member of the Calgary Chapter CSSE in good standing
- Applicant must state the reason for application (e.g. present company does not cover the cost of professional development and/or entrance fees for professional conferences etc.)
- Applicant cannot be a current member of the CSSE Executive
- Applicants must submit a fully completed application form. Failure to complete any section of the form may mean delay or disqualification. If a section is not applicable, N/A is to be marked in that area. Sections are not to be left blank.

Process

Application forms can be obtained from the Calgary Chapter 1st Vice-chair. To obtain an application email: 1stvicechair@cssecalgary.com

Completed applications must be received by April 22, 2011 by the CSSE. Email your application to 1stvicechair@cssecalgary.com. The successful applicant will be notified within 10 days after application closing date.
